IN ANNEXES VIII AND IX OF THE BASEL CONVENTION ON THE CONTROL OF
TRANSBOUNDARY MOVEMENTS OF HAZARDOUS WASTES AND THEIR DISPOSAL***

1. Applications.

- (a) Applications must be submitted to the secretariat using the form below. Any Party, observer State, non-governmental organization, private company or individual has the right to fill out the application form with the proposed placement of wastes under Annex VIII or Annex IX, or with a proposal for removing wastes from Annex VIII, Annex IX or working list C. Any application submitted to the secretariat shall be by or through a Party or observer State.
- (b) A Party submitting an application shall clearly state whether or not the application is a formal proposal for amendment to the annexes to the Basel Convention in accordance with articles 17 and 18 of the Convention.
- (c) Competent authorities and focal points are requested to make available any information in addition to the form to all focal points of the Basel Convention and to advise the secretariat that this has been done. If a competent authority or focal point is unable to make available any annexes or attachments to all focal points of the Basel Convention, it may request the secretariat to undertake that function.

2. Procedure for transmission of the form.

- (a) The applicant must present the application form with any additional information to a national authority for the Basel Convention.
- (b) The competent authority and/or focal point should consider the application form with any additional information and only forward it to the secretariat of the Basel Convention if it is properly completed and if the completed application provides sufficient information for the Open-ended Working Group to reach a decision.
- (c) The Open-ended Working Group will consider the application at its following meeting, provided it is received by the secretariat within the time frame stipulated in paragraph 3 (a) below.

3. Time frame for application.

- (a) The application form for placement or removal of wastes has to be submitted to the secretariat of the Basel Convention at least three months prior to the meeting of the Open-ended Working Group. Any information in addition to the form should also be submitted within that time frame.
- (b) In exceptional circumstances, a Party may submit the application form for placement or removal of wastes two months before the meeting of the Open-ended Working Group, if such proposal(s) cannot be sent to the secretariat within the three-month deadline. The Open-ended Working Group will endeavour to consider such application(s) at its following meeting.

4. Procedure before consideration in the Open-ended Working Group.

- (a) After receiving an application, the secretariat will place the application on the Internet web site of the Basel Convention within 30 days (www.basel.int).
- (b) The secretariat will send an e-mail to all focal points announcing that the application is available. Those Parties which have no access to Internet or e-mail facilities will be sent the application by mail or facsimile.

5. Action by the Open-ended Working Group.

- (b) The Open-ended Working Group should arrive at a decision by consensus.
- (c) The decisions of the Open-ended Working Group on the placement or removal of wastes on lists contained in Annexes VIII and IX shall be transmitted in a report of the Open-ended Working Group through the secretariat to the following meeting of the Conference of the Parties. In cases where no formal proposal for amendment to the Annexes to the Basel Convention has been made by a Party when submitting an application, the Open-ended Working Group should invite other Parties to submit such a formal proposal to the Conference of the Parties in accordance with articles 17 and 18 of the Convention.

6. Effective review procedure.

Costs of review should be kept to a minimum. Restricting the summary of cases to eight additional pages would help save costs, although a Party wishing to provide more information could do so at its own cost.

7. Reporting.

The secretariat of the Basel Convention should provide a report to Parties on the status of lists of wastes in Annexes VIII and IX of the Basel Convention on a regular basis, and when changes have entered into force.

SUMMARY OF REASONS FOR PROPOSED PLACEMENT

NB: A detailed case study (no more than eight additional pages) should be attached, taking into consideration the category(ies) in Annex I to the Basel Convention under which the waste falls and with evidence demonstrating that the waste does or does not exhibit any of the hazardous characteristics in Annex III to the Convention (guidance document to be drafted). Additional material may be submitted in the form of annexes or attachments. All such annexes or attachments must be listed in the application form, together with instructions on how to obtain the documents.
